Sponsorship Opportunities

For our 2018 Annual General Meeting, we have put together a portfolio of sponsorship opportunities for your consideration. Your support will provide you quality time with our members - and give them great experiences in addition to the Reception/ Meeting itself.

On the heels of what we experienced at our initial building our community event in Barcelona, ECAO is offering another opportunity to have access to our members key people. Your support will assist in ensuring that our Annual General Meeting and 70's evening is another step in community building networking and renewing friendships and conversations.

Following are our most valuable AGM Sponsorship Opportunities:
